- Dimmable
- 3 Step Macdams
- 5 Year

Our LINEAR LED FLEX Top View 10w per metre features high efficiency 2835 LEDs on a 2oz PCB board. Housed in a solvent, salt water and UV resistant extruded silicone tube, this product does not require mounting onto a heat sink and offers a LINEAR output in all applications. Top View Flex units can be manipulated vertically up to a 200mm radius with the light source encapsulated along the bottom / top of each run.
